

/home/dano/git/avalon
/common/cpp/types.h

```
graph TD; A["/home/dano/git/avalon  
/common/cpp/types.h"] --> B["stdint.h"]; A --> C["string"]; A --> D["vector"]; A --> E["list"];
```

The diagram illustrates a C++ header file, `/home/dano/git/avalon/common/cpp/types.h`, which includes four other files. The header file is represented by a gray box at the top, and the included files are represented by white boxes at the bottom. Four blue arrows point from the header file to each of the included files: `stdint.h`, `string`, `vector`, and `list`.

stdint.h
